Dear The Curtiss Team,

We would like everyone to know how happy we were with both Niki Curtiss and The Curtiss Team. This was our first home, we had never bought before. We were very happy with how Niki Curtiss helped us through this important decision. Buying your first home is scary. Niki made it a lot less scary by always keeping in touch with us. Telling us what was going on with our house and explaining anything that was confusing to us. We had heard that buying a house can be terrible but for us it was fast and easy. We felt we could trust Niki. Even though we were nervous we felt a lot less nervous with Niki on our side. Now we have the home we have always wanted. Even now I feel if we have a problem Niki would be there for us.

Sincerely,

Charles, Angela & Harrison
