Westlake Village, CA 91361

Dear Dionne,

We are now settled in our Westlake Village home and wanted to drop you a line to express our gratitude to you for the role you played in making our move from Albuquerque to Southern California such a pleasant one.

You had been highly recommended to us by a relative, who had used your services in their own relocation and you certainly lived up to our expectations! Firstly, you demonstrated patience and persistence in the five days of house-hunting the we spent together until we found the ‘right’ home for our family. Secondly, while Mary Ellen was in Albuquerque and I was traveling most of the time for business, you efficiently handled all the details necessary to complete the closing. We certainly appreciated your prompt response to our telephone calls and requests– it made our life so much easier while we had to take care of our New Mexico home and other business.

We were very satisfied with your service and will not hesitate to refer you to any business associates, friends, relatives or neighbors that may need your real estate expertise.

Sincerely,

Gary Garbrecht
