Dear Harry, Niki, and Dionne:

As I reflected during the holidays on the changes in my life this past year, I was very glad that I had chosen your team last spring to represent me during my search for a condo. Your service was superb!

I think what I appreciated was Harry's willingness to spend major parts of three days showing me all the listings in the area that met my requirements and my price range. This was in marked contrast to the previous time I purchased a condo in the Conejo, when I had to search the papers for listings and ask my agent to show them to me. With the Curtiss' use of the multiple listing service and willingness to spend time with clients, I was able to see many more listings. I also appreciated Harry's patience and good humor.

I was impressed with each member of The Curtiss Team's commitment to timely service. Although I was looking for a relatively inexpensive residence, I was treated as a valued client. Once I found a place I liked, each member of the team went "the extra mile" to close the deal— bringing papers to my office for me to sign or staying late at the realty office. As I have enjoyed living in my condo these past months, I continue to think about the Curtiss Team and all that they did to help me find just the right place. I can't imagine any better service!

I want to thank you all for being such a great team. I am happy to recommend you to anyone looking to enter the realty market.

Cordially,

Pamela K. Brubaker, PhD  
Associate Professor
