To the Curtiss Team:

Three words come to mind when I think of the *Curtiss Team*: CLASS, SERVICE, and KNOWLEDGE. Niki you were always positive and supportive under a variety of circumstances. From looking at all sorts of properties to ensuring the quality processing of my loan documents to negotiating a deal and nursing me through the anxiety of waiting to hear if the deal went through you were a positive steady presence.

Even in today's busy market you always found time for me and were a consummate professional throughout the process of finding me a new place to live. I love my new home and thank you and the Curtiss team for making a dream come true.

Sincerely,

Sharon Covington
